Text (45-49) – The Order of Life

Wednesday Discussion

1 Corinthians 15:35-49

1. Which came first – the apple or the tree? What is the support for your answer?
2. Where does your food come from? What kind of changes happen in a person's mind or in a culture when it is disconnected from sowing, reaping, or slaughtering?
3. What does it mean that what is sowed does not come to life unless it dies?
4. Is the spiritual realm real? Are there bodies, right now, in the spiritual realm?
5. Where is Christ's body?
6. Is a spiritual body a ghost? What is the difference between a natural body and a spiritual body?
7. What is it that makes a body to be alive?
8. What is it that makes a body dead? What makes a body become alive again?
9. How does it make you feel to know there is a resurrection of your body?
10. Speculate what, in your wildest imagination, it will be like to have that kind of body in a redeemed creation.
