## Wednesday Discussion

John 10:22-42

1. Have you ever become upset over being asked a question? Why did or why does questioning sometimes raise in you a reaction of being upset?
2. When a child asks “why”, do they always want to understand the logic or could there be another reason for the question?
3. What does the question in verse 24 reveal about the attitude of the leaders toward the Christ (whom they would have seen as a king)?
4. Why should they have known the answer already?
5. Those factors which should have led to belief did not. Why did they not believe?
6. How does being a sheep bring about belief?
7. How does one hear and follow the voice of Jesus?
8. If you hear and follow, how then do you know if Jesus knows you?
9. Is it important to know if Jesus knows you? Is there anything that depends on this?
10. What are examples of the way people still question Jesus like these leaders did?
11. Do you have any questions like this?
12. Has God given you an answer that you should already know?
