Wednesday Discussion

Colossians 4:2-6

1. Have you ever arrived home after driving and not remembered the trip?
2. Why do people drive too slow or stay in the left lane when they're talking on the phone?
3. What is prayer?
4. How often should we pray? How does that particular frequency of prayer help?
5. Toward what/of what should we be vigilant?
6. What would it look like if we were vigilant without thanksgiving? Why does thankfulness need to be connected to wakefulness? What is the attitude difference between those two states of mind?
7. How is it possible to thankfully pray for more of a thing that caused great discomfort (prison v 3)?
8. Is time a blessing or a curse?
9. Why do you think that walking in wisdom toward outsiders is the best way to use time?
10. Why should we expect to be questioned (v 6)?
11. Is it possible to live differently than most but not have an answer or have a wrong answer?
