- John 12:47-48

1. What wastes most of your time in your day to day life?
2. Read Matthew 7:12. This is a very popular saying that Jesus put in the positive but most other religions and philosophers use this saying in the negative. Eg. Confucius said, "What you do not want done to yourself, do not do to others." What's the difference?
3. Read Mark 2:5-12. Why does Jesus say "Your sins are forgiven" first, and then "rise, pick up your bed, and go home"?
4. Read Hebrews 1:1-4. What is Paul's point in saying all these things about Jesus? Is there a difference between sustaining/upholding and being subject to?
5. Read Matthew 7:1-2. What does it mean to judge? What kind of judging is Jesus talking about in these verses?
6. Is it wrong to look at a person's lifestyle and see what is damaging so we do not make the same mistakes?
7. How does the world respond to judgements?
8. Are we open to change or criticism from others?
